Dear Mr Mckern

Thank you for currently getting Quarry Hill fresh fruit. It is a fantastic help to our teachers and students and we really appreciate all your help.

It keeps our school healthy and lets everyone have something to eat and they might enjoy coming to school more than usual.

It can also give students an energy boost and good habits.

Your fruit is a great help to our school,

Your fruit is the best way to bring attention to students that fruit is a good habit and can improve students' education because students might want to come to school more often and be more focused with the work provided. Some kids may not have enough food so this way if there feeling a little bit hungry they can have a apple or a banana e.c.t,

We all love and are happy for your fresh fruit and it is gratefully appreciated for your help towards Quarry Hill.

Thank you for always providing all of us with delicious fresh fruit.

Dear Mr McKern

The Quarry Hill Primary School (QHPS) thank you for your gracious gifts of fresh fruit that fuel many of our students. I have some reasons for you that will prove the greatness in your donations to the schools of Bendigo. So here they are.

Reason 1: The Healthiness of Fruit

Most kids at our school pack their own lunches. This means they pack many snacks that are unnecessary. Your Fresh Fruit Friday helps balance that between Unhealthy & Healthy which is great for kids health and can stop Obesity

Reason 2: Encouragement

Many people have unhealthy habits of eating too many sugary sweets. Your Fresh Fruit will make kids eat fruit more frequently therefore it will become a habit. This habit will not only help 1 generation but many to come because the next generation of children will pick up the healthy habit of eating fruit.

My Final Reason: Happiness

Many children go hungry without fresh food and this lack of nutrition can lead to anger and fighting. Your Fruit will stop this bad action from occurring any longer.

There are 3 reasons why your Fresh Fruit Friday needs to keep going for more generations.
