## BOOKLISTS FOR 2023

Students have already received their booklists for 2023. If you have any questions about the booklists, please do not hesitate to contact Narelle in the office. Book lists need to be ordered online by Sunday January 1st, 2023, to ensure supplies are ready for pick up on Book Collection Day from Monday 23rd January 2023. The office will be open from 8:00am – 12:00pm from Monday 23rd to Wednesday 25th of January. Please mark this day on your 2023 diary.

## SEMESTER TWO STUDENT REPORTS

Reports will be released electronically via Compass on **Friday, 16th December**. Quarry Hill Primary School's continuous reporting consists of Learning Tasks, a mid-year and an end of year report. Semester One teacher report comment focuses on your child's work habits and how they have settled into the new school year. Semester Two teacher comment focuses on your child's literacy and maths successes and a future area for improvement.

Learning Tasks are regularly used throughout the term to capture and communicate your child's growth. These tasks are shared on the student management app, Compass. It is important to access your child's Learning Tasks because this is where you will be updated on their academic progress.

## NEWSLETTER ELECTRONICALLY

A reminder to all parents and carers that the newsletter is made available through Compass. The newsletter is also available on our school website. <http://www.quarryhillps.vic.edu.au/>

## STAFFING UPDATE FOR 2023

As the year draws to an end, we prepare to say goodbye to a number of our staff:

- Jeremie Collard will be leaving us after working here as our Music teacher since 2016. Jeremie's passion and personal musical talent has made our music program a rich and fun experience for our students. Our last production, The Wizard of Oz, was a wonderful swan song for Jeremie. Jeremie will be increasing his time fraction at Catholic College next year.
- Yan Jiang has ably supported the Chinese language program this year. Yan's presentation has been engaging and she has brought lots of fun to the program. Yan will be relocating to Melbourne in 2023. At this stage her replacement has not been finalised.
- Georgia Searle only joined our school this year, but during this time has made a huge impact on the education and wellbeing of the students and their families in Room 15. Her dedication, kindness and caring are wonderful attributes that will be missed by our school. Georgia will be commencing a position at Strathfieldsaye Primary School in 2023.
- Amie Goodwin also joined our school this year and quickly made a positive impact not only on the students and families in Room 11, but across the school as well. Amie's positivity and 'can do' attitude has been welcome. She organised the Birmingham Breakfast sessions with the Olympic athletes earlier in the year which was so engaging for all involved. Amie will be focusing on her family for 2023.

A very big thank you to each and every one of these very dedicated teachers for their contributions to our school.

They have worked hard to support our students and brought a richness to our community.

Next year we welcome back Tamioka McErvale (from Term 1) and Tova Penno (from Term 2). We will also welcome our new Chinese teacher when that process is finalised.

## CLASS ORGANISATION FOR 2023

In 2023 there will be 13 classes:

|           |           |
|-----------|-----------|
| Prep      | 2 classes |
| Grade 1   | 2 classes |
| Grade 2   | 2 classes |
| Grade 3/4 | 3 classes |
| Grade 5   | 2 classes |
| Grade 6   | 2 classes |

Students will find out their teachers on the State-wide Transition Day on Tuesday, December 13th

## COMPOSITE CLASSES IN 2023

As outlined above, we will be running several composite classes again in 2023. I have put the following piece in the newsletter over the last couple of years, which still holds true: Composite classes have been the source of much controversy over the years, with parents often believing that their child is being disadvantaged in some way by being in one. The key to understanding composite grades is realising that growth is determined in stages and not magically by ages. Without a doubt, composite classes are a practical response to the problem of uneven grade enrolments e.g. when there are too many students to form one 'straight' grade, but not enough for two; but by combining students in this way also allows schools to ensure more consistent class sizes as well as address gender balance and balance students' social, emotional and academic needs. It is because of this flexibility that composite classrooms are often optimal for student learning and not a negative thing as is so often perceived.

The Victorian Curriculum is a continuum of learning over 2 years. This means that curriculum planning in Victoria is based on two-year bands of schooling rather than single year levels. The rationale behind the continuum is that it gives students opportunity and time to learn, thus ensuring they have time to consolidate their understanding. This two-year banding and the whole school approach to curriculum development and planning means that students in composite classes do not have to repeat themes and topics of learning. Education is about more than academic achievement and age is not necessarily an accurate predictor of a child's development. Within any classroom, there is a wide range of student abilities that exist in children of the same age. At Quarry Hill Primary School, I would like to believe that the quality of teaching, combined with student interest and engagement are considered more important than class structure, whatever form that might take, providing a differentiated curriculum that caters to all children as individuals, according to their needs is the school's ultimate goal.

## CONGRATULATIONS

Congratulations to Kobi R, Fletcher W, Jimi R and Jonty M who represented Bendigo at the Vic Futsal State Titles and won their age group championship.

Well done!

# P.F.A News

**Next Meeting:** Wednesday 7<sup>th</sup> of December at 9.00am in the Multipurpose Room.

**Join Our Facebook Page:** Can't make a meeting, want to be involved, not 100% sure how much? Join our Facebook page, **Quarry Hill PFA 2022** and request to join the group.

This option is available for members to stay informed and be involved in a way that suits everybody. You can pop in or call the office for a form. You will receive an email to confirm the invitation to the page has been sent.

**Uniform Shop:** Second hand uniforms are available for 50c. The shop is open on Thursday 9-10:30am or Friday 3:30-3:45pm located in the multipurpose Room.

## LIBRARY NEWS

There will be no more borrowing available from **the 5<sup>th</sup> of December**. Students have many overdue library books from throughout the year. We ask if you could please have a thorough look for them in your homes.

All books will be **due back by Friday the 16<sup>th</sup> of December** so that the library is able to be cleaned in preparation for 2023.

## ANDREW CALDER BALSILLIE GRADE 4 CITIZENSHIP AWARD

Last Friday Gretta Balsillie presented the Andrew Calder Balsillie Grade 4 Citizenship Award at assembly. This year's recipient was the very deserving Flynn S. Flynn is an inclusive student who consistently demonstrates the school values of Kind, Curious and Brave. Congratulations Flynn.

## GIRLS IN STEM

Alissa from the Bendigo Science and Discovery Centre presented two female Grade 6 2023 students their Girls in STEM (Science, Technology, Engineering and Mathematics) leadership badges at assembly last week. Congratulations Mollie E and Ivie P.

## UPDATE INFORMATION

It is extremely important that we hold your current address and phone details. If you have changed your address or phone number & not let the office know, please do so as soon as possible by either coming into the office directly or logging onto Compass and updating the information.

## LOST PROPERTY

Located in the office is the lost property box full of unclaimed items. If your child has misplaced a jacket or another piece of clothing, could you please pop into the office at some stage in the next three weeks to go through the box. All items left after this time will be donated to the second-hand uniform shop.

## BRIGHT FUTURES STEM

Last week the Grade 5/6 students participated in the Bright Futures STEM program. They were able to talk to industry professionals, employed in various STEM fields.

The Bright Future STEM Program is facilitated by Australian Resources and Energy Employer Association, (AREEA) the peak employer group for the resources and energy industry.

The program engages children (aged 9-12) in Science, Technology, Engineering and Maths (STEM) at an early age, raising awareness of the diverse range of highly rewarding, technologically advanced of jobs available from choosing to study STEM subjects.

Students were able to experiment with VR (Virtual Reality), Coding robots, Building towers and more. All students were thoroughly engaged and enjoyed learning more about STEM.

Mrs Fry

## KITCHEN GARDEN

On Wednesday the Grade 6 hosted a High Tea for the Quarry Hill Croquet Club members to say thank you for teaching them this term. Each week the Grade 5 and 6 classes have been involved in lessons provided by the Croquet Club members learning the rules and practising the skills of the game.

Next week we have a tournament between the classes down at the club. The students have really enjoyed this experience, learning new skills and mixing with people in the community. The Kitchen Garden program has spent the last few weeks making a variety of sweet and savoury treats for the occasion. A very big thank you to Amanda and Renee for all of the help they provided to make this such a special occasion. Congratulations to the Grade 6's on a beautiful spread of food and a lovely afternoon.

Helen and the club members were very appreciative and have invited any students who would like to have a go at croquet to bring their parents down for a play on Wednesday December 14<sup>th</sup> and 21<sup>st</sup> at 4pm.

Ms Vandeurse

## CYBERSAFETY

### ESMART TOPIC: HELP BOOST KIDS' SAFETY, PRIVACY, AND SECURITY

When kids start to go online, whether they're playing multiplayer games, using educational apps, or just following their curiosity on Google, it's important that they understand the basics of online privacy and safety.

#### Check out these 5 tips

##### 1. Discuss personal vs. private info.

Talk about the difference between what's OK to share online (favourite colour) and what's not (home address).

##### 2. Use privacy settings.

Together, go through the settings on all new apps to make sure you both know what information your kids are sharing.

*Avoid location tracking.*

Location-aware apps can be super helpful. But apps that use a device's location to help people find your kid or offer them ads for nearby businesses should be used with caution. Turn them off if you can.

##### 3. Power up passwords.

Work together with kids to help them come up with complex passwords. Think outside the dictionary. Use phrases and special characters that make passwords hard to guess but easy to remember. Remind kids to keep passwords private and change them regularly.

#### 4. Skip quizzes.

Help kids identify and avoid clickbait, quizzes, special offers, and anything that asks for personal or private information. This helps keep information secure and devices safe.

## Child Safe Standards in Practise at Our School.

This week we are dipping into the final two of our Child Safe Standards

A reminder information on the Child Safe Standards can be found in the Term 4 newsletters as well as on our website.

### **Child Safe Standard 10: Implementation of the Child Safe Standards is regularly reviewed and improved.**

Being a child safe school requires an ongoing effort. We regularly review our policies, procedures and practices making sure they are up to date, effective and fully implemented. This helps us to maintain the best approach to child safety and wellbeing and minimise the risk of harm. The outcomes of periodic reviews will also be shared with you.

### **Child Safe Standard 11: Policies and procedures that document how schools are safe for children, young people and students.**

Child Safety is a shared responsibility. By involving all of you, we increase the likelihood that our students will be safe, and they will trust us with their concerns. If you have any questions, please do not hesitate to speak to a member of staff or contact Anne Rochford on 5443 3537.

## **COMMUNITY DENTAL SERVICE**

Bendigo Health offers a Public Dental Clinic. Children do not require a referral and the clinic is available to anyone under 13 years of age, irrespective of family income. There will not be any out-of-pocket costs when children are treated in a public dental clinic. All public dental clinics bulk bill treatments for eligible children (under 13).

## **HEALTHY EATING**

A whole-school approach to healthy eating brings together principals, school councils, staff, school food services, students, families and the wider community to promote healthy eating across the school.

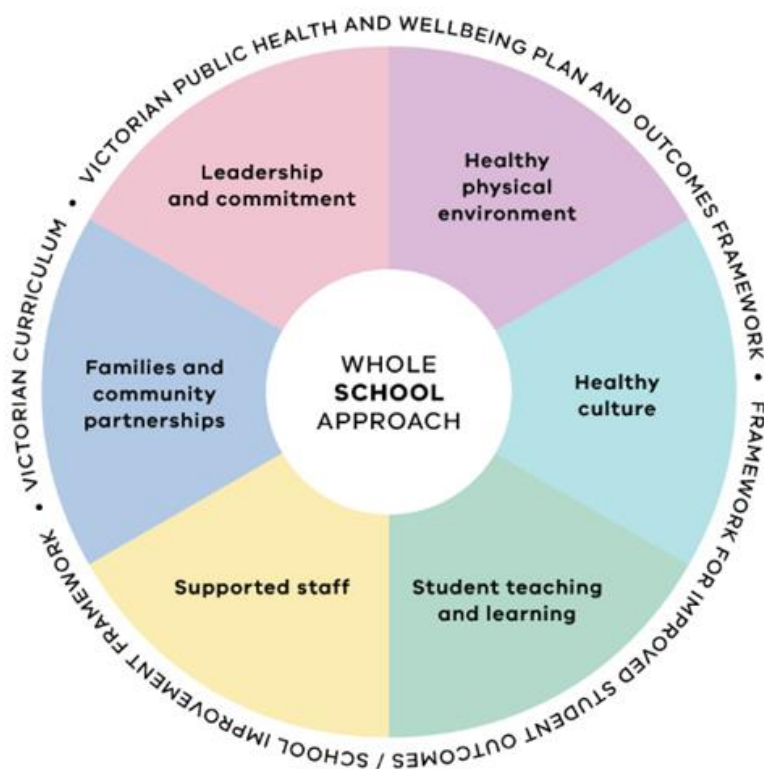

Everyone has a role to play!

Students can support a whole-school approach to healthy eating by:

- role modelling positive healthy eating behaviours and attitudes, and
- getting involved in healthy eating activities at home (e.g. helping the family with budgeting, food shopping and meal preparation).

Examples of how families can support a whole-school approach to healthy eating and assist their child to learn and develop healthy eating attitudes, habits and preferences include:

- role model positive healthy eating attitudes and behaviours
- involve children in healthy eating activities at home (e.g. budgeting, shopping, meal and lunchbox preparation)
- provide healthy foods and drinks in lunchboxes (e.g. **Green (Everyday)** options always as the main choices, **Amber (Select Carefully)** options limited and in small amounts, **Red (Occasionally)** options avoided, where possible).

## A guide to making healthy food and drink choices

### Best choices: GREEN category

Choose **GREEN** category foods and drinks as they are the most nutritious choices.

### Choose carefully: AMBER category

Choose **AMBER** category foods and drinks sometimes as they are mainly processed and have some sugar, salt and/or fat added to them.

### Limit: RED category

Choose **RED** category foods and drinks rarely as they are not an essential part of a balanced diet. It is recommended that these foods and drinks are only consumed occasionally and in small amounts.

### *Why Fresh Fruit Friday Is Important.*

*Fresh fruit friday is important because if people didn't have Fresh Fruit lots of people would be sick. They also have lots of vitamins and minerals which helps your digestive system. They also keeps us alive. Keep up the good work!*

*From Vinnie.*

Fresh Fruit Friday is important because some families can't get access to fresh fruit and veggies, it is also important because eating unhealthy foods a lot can make you sick.

Some people don't even have any healthy foods, some don't have food to bring to school and work.

Fruit has a lot of good fibre & good sugars in it. So I think your company should keep doing Fresh Fruit Fridays.  
By Billy.

### Why Fresh Fruit Friday Is Important

Fresh Fruit is important because fresh fruit has vitamins in it that is good for your body.

Fruit can help kids learn because it is good for the brain

Fruit has healthy sugars and minerals.

It is very important that every person has some fruit and veg.  
By Josh

### *Why Fresh Fruit Friday is important*

*Dear Fresh Fruit Friday, I would like you to keep running the fresh fruit friday, because people that don't have fresh fruit can get the fresh fruit from the office at most schools.*

*Fresh Fruit Friday is also good for people because the fruit makes people healthy and strong with the vitamins and healthy sugars inside it.*

*Next, fresh fruit friday is good for people because they can eat lots of fruit so they don't get unhealthy.*
