Child Safety and Wellbeing Policy

Statement of commitment to child safety

Quarry Hill Primary School is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of First Nations students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

Roles and responsibilities

School wellbeing leadership team

Our school wellbeing leadership team (comprising the principal, Disability Inclusion Coordinator, Mental Health and Wellbeing Coordinator) is responsible for ensuring that a strong child safe culture is created and maintained, and that policies and practices are effectively developed and implemented in accordance with Ministerial Order 1359.

- ensure students' views are taken seriously and their voices are heard about decisions that affect their lives implement inclusive practices that respond to the diverse needs of students.

In performing the functions and powers given to them under the *Education and Training Reform Act 2006*, school council members will:

Specific staff child safety responsibilities

Quarry Hill Primary School has nominated a child safety champion (assistant principal) to support the principal to implement our child safety policies and practices, including staff and volunteer training.

The responsibilities of the child safety champion are outlined at [Guidance for child safety champions](#).

Our principal and child safety champion are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

- The Child Safety Champion is responsible for monitoring the school's compliance with the Child Safety Policy. Anyone in our school community should approach the Child Safety Champion if they have any concerns about the school's compliance with the Child Safety and Wellbeing Policy.
- The Child Safety Champion is responsible for informing the school community about this policy and making it publicly available.
- Other specific roles and responsibilities are named in other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and Child Safety Risk Register.

Our school has also established a Child Safety standing item on meeting schedules and a Student Voice Action Team on child safety. Staff meet regularly to identify and respond to any ongoing matters related to child safety and wellbeing. The Student Voice Action Team provides an opportunity for students to provide input into school strategies.

Our Risk Management Committee monitors the Child Safety Risk Register.

Child Safety Code of Conduct

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The [Child Safety Code of Conduct](#) also includes processes to report inappropriate behaviour.

Managing risks to child safety and wellbeing

At our school we identify, assess, and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures, and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

Establishing a culturally safe environment

At Quarry Hill Primary School, we are committed to establishing an inclusive and culturally safe school where the strengths of First Nations' cultures, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For First Nations students, we recognise the link between First Nations culture, identity and safety and actively create opportunities for First Nations students and the First Nations community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- Our Child Safety and Wellbeing Policy outlines the controls in place to establish a culturally safe environment and is implemented.
- Controls to address racism, discrimination and bullying are outlined in the Bullying Prevention Policy and the Student Wellbeing and Engagement Policy.
- Quarry Hill Primary School has both a staff cultural committee, to ensure Cultural safety remains a priority, and a student cultural committee, to ensure their voices are heard on each of the leadership groups at the school.
- Anti Racism lessons taught during 'Creating our Learning Environment' at the beginning of the school year.

Student empowerment

To support child safety and wellbeing at Quarry Hill Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging implementing our whole school approach to Respectful Relationships, our student Code of Conduct, our school values and developing a strong classroom environment at the beginning of each term through our 'Creating Our Learning Environment' program.

We inform students of their rights and responsibilities through our whole school approach to Respectful Relationships and Human Rights, and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted

adult at any time. Students and families can also access information on how to report concerns through the school office or contacting the [Department of Families, Fairness and Housing – North Division](#).

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student, and keep them (and their parents and carers, as appropriate) informed about progress.

Family engagement

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Quarry Hill Primary School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- Consulting with school council, subcommittees of school council, student, staff, and parents via Compass/school website/newsletters or other practical means of communication.
- All of our child safety policies and procedures will be available for students and parents at <https://www.quarryhillps.vic.edu.au/page/180/School-Policies> or upon request at the school reception.
- Newsletters will inform families and the school community about any significant updates to our child safety policies or processes, and strategies or initiatives that we are taking to ensure student safety.
- PROTECT Child Safety posters will be displayed across the school.

Diversity and equity

As a child safe organisation, we celebrate the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

We recognise that every child has unique skills, strengths, and experiences to draw on.

We pay particular attention to individuals and groups of children and young people in our community with additional and specific needs. This includes tailoring our child safety strategies and supports to the needs of:

- First Nations children and young people
- children from culturally and linguistically diverse backgrounds
- children with disabilities
- children unable to live at home or impacted by family violence
- international students
- children who identify as LGBTIQ+.

Our [Student Wellbeing and Engagement Policy](#) provides more information about the measures we have in place to support diversity and equity, as well as our [Inclusion and Diversity policy](#).

Staff recruitment

When recruiting staff, we follow the Department of Education and Training's recruitment policies and guidelines, available on the Policy and Advisory Library (PAL) at:

- [Recruitment in Schools](#)
- [Suitability for Employment Checks](#)

- [School Council Employment](#)
- [Contractor OHS Management.](#)

When engaging staff to perform child-related work, we:

- sight, verify and record the person's Working with Children clearance or equivalent background check such as a Victorian teaching registration.
- collect and record:
 - proof of the person's identity and any professional or other qualifications
 - the person's history of working with children
 - references that address suitability for the job and working with children

Staff induction

All newly appointed staff will be expected to participate in our child safety and wellbeing induction program. The program will include a focus on:

- any other child safety and wellbeing information that school leadership considers appropriate to the nature of the role.

Ongoing supervision and management of staff

Staff will be monitored and assessed to ensure their continuing suitability for child-connected work. This will be done by regular check-ins with the principal.

Inappropriate behaviour towards children and young people will be managed swiftly and in accordance with our school and department policies and our legal obligations. Child safety and wellbeing will be paramount.

Suitability of volunteers

All volunteers are required to comply with our [Volunteers Policy](#), which describes how we assess the suitability of prospective volunteers and outlines expectations in relation to child safety and wellbeing induction and training, and supervision and management.

Child safety knowledge, skills, and awareness

Ongoing training and education are essential to ensuring that staff understand their roles and responsibilities and develop their capacity to effectively address child safety and wellbeing matters.

In addition to the child safety and wellbeing induction, our staff will participate in a range of training and professional learning to equip them with the skills and knowledge necessary to maintain a child safe environment.

Staff child safety and wellbeing training will be delivered at least annually and will include guidance on:

Other professional learning and training on child safety and wellbeing, for example, training for our volunteers, will be tailored to specific roles and responsibilities and any identified or emerging needs or issues.

School council training and education

To ensure our school council is equipped with the knowledge required to make decisions in the best interests of student safety and wellbeing, and to identify and mitigate child safety and wellbeing risks in our school environment, the council is trained at least annually. Training includes guidance on:

- individual and collective obligations and responsibilities for implementing the Child Safe Standards and managing the risk of child abuse
- child safety and wellbeing risks in our school environment
- Quarry Hill Primary School child safety and wellbeing policies, procedures, codes, and practices.

Complaints and reporting processes.

Quarry Hill Primary School fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct, or abuse to occur and remain hidden.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's Complaint Policy. The Complaints Policy can be found at <https://www.quarryhillps.vic.edu.au/page/180/School-Policies>.

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council volunteers) must follow our [Child Safety Responding and Reporting Obligations Policy and Procedures](#). Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending

Our [Student Wellbeing and Engagement Policy](#) and [Bullying Prevention Policy](#) cover complaints and concerns relating to student physical violence or other harmful behaviours.

Communications

Quarry Hill Primary School is committed to communicating our child safety strategies to the school community through:
