Help for non-English speakers

If you need help to understand the information in this policy please contact Quarry Hill Primary School.

PURPOSE

The purpose of this policy is to outline the procedures our school has in place to respond to complaints or concerns relating to child abuse and to ensure that all staff and members of our school community understand and follow the various legal obligations that apply to the reporting of child abuse to relevant authorities.

SCOPE

This policy applies to complaints and concerns relating to child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school (physical and online).

DEFINITIONS

Child abuse

Child abuse includes:

- physical violence inflicted on a child
- sexual offences committed against a child
- grooming of a child by an adult
- family violence committed against or in the presence of a child
- serious emotional or psychological harm to a child
- serious neglect of a child.

The definition of child abuse is broad and can include student to student incidents and concerns, as well as behaviour committed by an adult.

Grooming

Grooming is a criminal offence under the *Crimes Act 1958* (Vic) and is a form of child abuse and sexual misconduct. This offence targets predatory conduct undertaken by an adult to prepare a child, under the age of 16, to engage in sexual activity at a later time. Grooming can include communicating (including electronic communications) and/or attempting to befriend or establish a relationship or other emotional connection with the child or their parent or carer.

School staff member

For the purpose of this policy a school staff member includes a contractor engaged by the school or school council to perform child-related work.

POLICY

All children and young people have the right to protection in their best interests.

Quarry Hill PS understands the important role our school plays in protecting children from abuse including:

- Physical abuse
- Sexual abuse (including sexual exploitation)
- Family violence
- Emotional abuse
- Neglect (including medical neglect)
- Grooming

The staff at Quarry Hill PS are required by law to comply with various child safety reporting obligations. For detailed information about each obligation, please refer to [Identifying and Responding to All Forms of Abuse in Victorian Schools](#).

At Quarry Hill Primary School we also recognise the diversity of the children and young people at our school and take account of their individual needs and backgrounds when considering child safety.

Information for students

- All students should feel safe to speak to any staff member to raise any concerns about their safety or any other concerns that they have.
- If a student does not know who to approach at Quarry Hill Primary School they should start with a teacher they have named on their safety plan.

Identifying child abuse

To ensure we can respond in the best interests of students and children when complaints or concerns relating to child abuse are raised, all staff and relevant volunteers must:

- understand how to identify signs of child abuse and behavioural indicators of perpetrators - for detailed information on identifying child abuse and behavioural indicators of perpetrators refer to [Identify child abuse](#).
- understand their various legal obligations in relation to reporting child abuse to relevant authorities - for detailed information on the various legal obligations refer to Appendix A
- follow the below procedures for responding to complaints or concerns relating to child abuse, which ensure our school acts in the best interests of students and children and complies with both our legal and Department policy obligations.

At Quarry Hill Primary School we recognise the diversity of the children, young people, and families at our school and take account of their individual needs and backgrounds when considering and responding to child safety incidents or concerns.

Procedures for responding to an incident, disclosure, allegation or suspicion of child abuse

In responding to a child safety incident, disclosure, allegation or suspicion, Quarry Hill Primary School will follow:

- the [Four Critical Actions for Schools](#) for complaints and concerns relating to all forms of child abuse
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending
- our Student Wellbeing and Engagement Policy and Bullying Prevention Policy for complaints and concerns relating to student physical violence or other harmful student behaviours.

School staff and volunteer responsibilities

1. Immediate action

If a school staff member or volunteer witnesses an incident of child abuse, or reasonably believes, suspects or receives a disclosure or allegation that a child has been, or is at risk of being abused, they must:

- If a child is at immediate risk of harm, separate alleged victims and others involved, administer first aid (appropriate to their level of training) and call 000 for urgent medical or police assistance where required to respond to immediate health or safety concerns.
- Notify a member of the leadership team as soon as possible, who will ensure our school follows the steps in these procedures.

NOTE for staff and volunteers:

- if you are uncertain if an incident, disclosure, allegation or suspicion gives rise to a concern about child abuse you must always err on the side of caution and report the concern to a member of the leadership team.
- If a member of the leadership team is not available is unavailable, the school chaplain will take on this role.
- If the concerns relates to the conduct of a member of the leadership team notify the either the principal or the [relevant regional office](#) where the person nominated above is the principal who must then take on responsibility for ensuring our school follows these procedures.

Refer to Appendix B for guidance on how to respond to a disclosure of child abuse.

2. Reporting to authorities and referring to services

As soon as immediate health and safety concerns are addressed, and relevant school staff have been informed, the Principal or nominee **must** report all incidents, suspicions and disclosures of child abuse as soon as possible.

The following steps will ensure our school complies with the four critical actions as well as additional actions required under the Child Safe Standards.

The must ensure:

- all relevant information is reported to the Department of Families, Fairness and Housing (DFFH) Child Protection, Victoria Police or relevant services where required
- the incident is reported to the Department's [eduSafe Plus portal](#) or the Incident Support and Operations Centre (1800 126 126) in accordance with the severity rating outlined in the [Managing and Reporting School Incidents Policy](#)
- all [reportable conduct](#) allegations or incidents are reported by the Principal to the Department's Employee Conduct Branch (03 7022 0005) – where a reportable conduct allegation is made against the Principal, the Regional Director must be informed who will then make a report to Employee Conduct Branch

NOTE: In circumstances where staff members are legally required to report child abuse to DFFH Child Protection or Victoria Police and they are unable to confirm that the information has been reported by another person at the school or the designated member of school staff does not agree that a report needs to be made, the staff member who has formed the reasonable belief must still contact DFFH Child Protection and Victoria Police to make the report.

If you believe that a child is not subject to abuse, but you still hold significant concerns for their wellbeing you must still act. This may include making a referral or seeking advice from Child FIRST or The Orange Door (in circumstances where the family are open to receiving support) DFFH Child Protection or Victoria Police.

3. Contacting parents or carers

The Principal or nominee ensure parents and carers are notified unless advised otherwise by DFFH Child Protection or Victoria Police, or there are other safety and wellbeing concerns in relation to informing parents/carers.

Principals may contact the Department of Education and Training Legal Division for advice on notifying parents and carers, and where relevant, the wider school community.

For further guidance, refer to [PROTECT Contacting parents and carers](#)

4. Ongoing protection and support

The Principal or nominee must ensure appropriate steps are taken by the school to protect the child and other children from any continued risk of abuse. These steps must be taken in consultation with any relevant external agency or Department staff such as DFFH Child Protection, Victoria Police, Legal Division or Employee Conduct Branch. Ongoing protection will also include further reports to authorities if new information comes to light or further incidents occur.

Appropriate, culturally sensitive and ongoing support must be offered and provided to all affected students. Ongoing support will be based on any available advice from the Department, parents and carers, health practitioners, and other authorities (such as DFFH or Victoria Police) and may include referral to wellbeing professionals, development of a safety plan, student support group meetings, and, for student to student incidents, behaviour management and support measures.

5. Recordkeeping

The Principal or nominee will ensure that:

- detailed notes of the incident, disclosure, allegation or suspicion are taken including, where possible, by the staff member or volunteer who reported the incident, disclosure, or suspicion to them
- detailed notes are taken of any immediate or ongoing action taken by the school to respond to the incident, disclosure, allegation or suspicion
- all notes and other records relating to the incident, disclosure, allegation or suspicion, including the schools immediate and ongoing actions, are stored securely in locked office filing cabinet.

For school visitors and school community members

All community members aged 18 years or over have legal obligations relating to reporting child abuse – refer to Appendix A for detailed information.

Any person can make a report to DFFH Child Protection or Victoria Police if they believe on reasonable grounds that a child is in need of protection. For contact details, refer to the [Four Critical Actions](#).

Members of the community do not have to inform the school if they are making a disclosure to DFFH Child Protection or the Victoria Police. However, where a community member is concerned about the safety of a child or children at the school, the community member should report this concern to the principal so that appropriate steps to support the student can be taken

Additional requirements for all staff

All staff play an important role in supporting student safety and wellbeing and have a duty of care to take reasonable steps to prevent reasonably foreseeable harm to students.

Fulfilling the roles and responsibilities in the above procedure does not displace or discharge any other

obligations that arise if a person reasonably believes that a child is at risk of child abuse. This means that if, after following the actions outlined in the procedure, a staff member reasonably believes that a child remains at risk of abuse, they must take the following steps:

- if they are concerned that the school has not taken reasonable steps to prevent or reduce the risk, raise these concerns with the principal in the first instance, and escalate to the regional office if they remain unsatisfied.
- report the matter to the relevant authorities where they are unable to confirm that the information has been reported by another staff member

Staff must refer to Appendix A for further information on their obligations relating to reporting to authorities.

APPENDIX A

CHILD SAFETY RESPONDING AND REPORTING PROCEDURES AT QUARRY HILL PRIMARY SCHOOL

For students

- All students should feel safe to speak to any staff member to raise any concerns about their safety or any other concerns that they have.
- If a student does not know who to approach at Quarry Hill Primary School they should start with their classroom teacher.

Managing disclosures made by students

When managing a disclosure you should:

- listen to the student and allow them to speak
- stay calm and use a neutral tone with no urgency and where possible use the child's language and vocabulary (you do not want to frighten the child or interrupt the child)
- be gentle, patient and non-judgmental throughout
- highlight to the student it was important for them to tell you about what has happened
- assure them that they are not to blame for what has occurred
- do not ask leading questions, for example gently ask, "What happened next?" rather than "Why?"
- be patient and allow the child to talk at their own pace and in their own words
- do not pressure the child into telling you more than they want to, they will be asked a lot of questions by other professionals and it is important not to force them to retell what has occurred multiple times
- reassure the child that you believe them and that disclosing the matter was important for them to do
- use verbal facilitators such as, "I see", restate the child's previous statement, and use non-suggestive words of encouragement, designed to keep the child talking in an open-ended way ("what happened next?")
- tell the child in age appropriate language you are required to report to the relevant authority to help stop the abuse, and explain the role of these authorities if appropriate (for a young child this may be as simple as saying "I will need to talk to people to work out what to do next to help you").

When managing a disclosure you should AVOID:

- displaying expressions of panic or shock
- asking questions that are investigative and potentially invasive (this may make the child feel uncomfortable and may cause the child to withdraw)
- going over the information repeatedly (you are only gathering information to help you form a belief on reasonable grounds that you need to make a report to the relevant authority)
- making any comments that would lead the student to believe that what has happened is their fault

- making promises to the child about what will occur next or that things will be different given the process can be unpredictable and different for each child depending on their circumstances (instead reassure them that you and others will do your best to help).

General procedures

Our school will follow the [Four Critical Actions for Schools: Responding to Incidents, Disclosures and Suspicions of Child Abuse](#) (Four Critical Actions) when responding to incidents, disclosures and suspicions of child abuse.

All staff at our school who believe that a child is in need of protection, even if it doesn't meet the threshold required for mandatory reporting or the staff member is not a mandatory reporter, should in the first instance, speak to the Principal or Assistant Principal or should make the required reports to DFFH Child Protection and/or Victoria Police as necessary.

At our school The Principal will be responsible for monitoring overall school compliance with this procedure.

Nothing in this procedure prevents a staff member or any other person from reporting to the relevant authorities if they form a reasonable belief that a child is at risk of abuse.

Reporting suspicions, disclosures or incidents of child abuse

Responsibilities of all school staff

If a school staff member reasonably suspects or witnesses an incident of child abuse or receives a disclosure of child abuse, they must:

- If a child is at immediate risk of harm, separate alleged victims and others involved, administer first aid and call 000.
- Speak to the Principal or Assistant Principal as soon as possible, who will follow the [Four Critical Actions](#).
- Make detailed notes of the incident or disclosure and ensure that those notes are kept and stored securely in locked office filing cabinet
- If the staff member is a mandatory reporter and reasonably believes that a student has suffered physical and/or sexual abuse from which the child's parents have not protected the child, they must make a report to DFFH Child Protection.
- If the staff member has formed a 'reasonable belief' that a sexual offence has been against a child, they must make a report to Victoria Police.

In circumstances where a member of the leadership team disagrees that a report needs to be made, but the staff member has formed a 'reasonable belief' that the child is in need of protection and/or has been the victim of sexual abuse, the staff member must still contact DFFH Child Protection and/or Victoria Police to make the report.

The Principal is responsible for promptly managing the school's response to an incident, suspicion or disclosure of child abuse, and ensuring that the incident, suspicion or disclosure is taken seriously. The Principal is also responsible for responding appropriately to a child who makes or is affected by an allegation of child abuse.

If the Principal receives a report from a school staff member or member of the school community of a suspicion, disclosure or incident of child abuse, they must:

- Follow the [Four Critical Actions](#) as soon as possible, including:
 - Responding to an emergency
 - Reporting to authorities/referring to services
 - Contacting parents/carers and
 - Providing ongoing support.
- Make detailed notes of the incident or disclosure, including actions taken and ensure that those notes are kept and stored securely in locked office filing cabinet They are also responsible for ensuring that any staff member who reported the incident, disclosure or suspicion to them also makes and keeps notes of the incident.
- At Quarry Hill Primary School the Principal will be responsible for ensuring that there is a prompt response to the disclosure and that the child is appropriately supported.

If the principal is unavailable, the Assistant Principal will take on the role and responsibilities described in this section.

Duty of care and ongoing support for students

Fulfilling the requirements in this procedure does not displace or discharge any other obligations that arise if a person reasonably believes that a child is at risk of abuse.

All staff have a duty of care to take reasonable steps to prevent reasonably foreseeable harm to students. All staff must ensure that the Principal or other appropriate staff member is aware of any incidents, suspicions or disclosures of child abuse as soon as possible after they occur. This will allow appropriate supports to be put in place for the student affected.

For school visitors, volunteers and school community members

All community members aged 18 years or over should be aware of their legal obligations – see *Failure to disclose offence* above, in this Policy.

Any person can make a report to DFFH Child Protection if they believe on reasonable grounds that a child is in need of protection. For contact details see the Four Critical Actions - https://www.education.vic.gov.au/Documents/about/programs/health/protect/FourCriticalActions_ChildAbuse.pdf
