**Children experiencing 'vulnerability' include:

- in out-of-home care
- deemed vulnerable by a government agency, funded family or family violence service, and assessed as requiring education and care outside the family home
- identified by a school or early childhood service as vulnerable, (including via referral from a government agency, or funded family or family violence service, homeless or youth justice service or mental health or other health service)
- Where a parent/carer indicates that a student with a disability is vulnerable because they cannot learn from home, and/or informs the school the student is vulnerable due to family stress, the school must provide on-site supervision for that student. This may apply to students enrolled in specialist schools and students with a disability enrolled in mainstream schools. In rare circumstances an employee does not need a worker permit.
